S O L U T I O N S

Company Overview

Our goals:

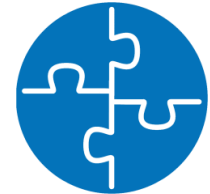

Be the best logistics partner by providing the most cost and process efficient logistics offer on the market.

Provide services defined by high quality and flexibility.

Be the trend-maker and the pioneer of logistics services in our country.

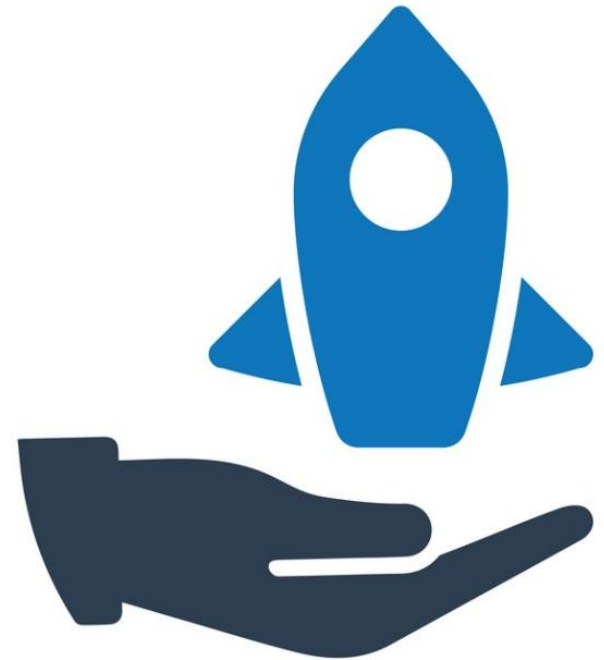

2015

Founding of “Logico Solutions” in Chisinau, Moldova

We are always looking for more:

- ✓ more efficiency in our business;
- ✓ more quality and flexibility for our services,;
- ✓ more profit – for our clients and us.

In 2015 our founders formed Logico Solutions and introduced their business idea to the market of transportation industry, based on significant experience of customs' clearance services providing and deep understanding of logistics sphere consumers' needs.
